LIMAVADY BOROUGH COUNCIL
COMHAIRLE BHUIRG LÉIM AN MHADAIDH

PLANNING AND DEVELOPMENT SERVICES COMMITTEE

2 NOVEMBER 2005

Minutes of meeting held in the Council Offices, 7 Connell Street, Limavady at 7.30 pm on the above date.

PRESENT:

IN ATTENDANCE:

Committee Clerk, Director of Environmental Services, Mr Adrian Brown and Mr James Duffy, Planning Service and the Chief Executive.

APOLOGIES:

None

MINUTES:

The minutes of meeting dated 27 September and 6 October 2005 were approved and signed on the proposal of Councillor Coyle, seconded by Councillor Cubitt.

MATTERS ARISING:

Streamlining of Planning Service Procedures: Mr Brown referred to the time consuming practice by Planning Officers of going through each page on the schedule and suggested the deferred list be noted as read.

Councillor Coyle objected and said an explanation should be given on changes to applications from the previous month as this would be fair to the applicants who had not been given an office meeting. He said the electorate spent time and resources on their application and deserved more than a 1 or 2 line explanation and that Planning Service was to blame for the backlog by not getting their act together. Councillor Douglas agreed and said he was grossly unhappy that many of the refusals would not be brought back to Council, given that the NAP would not be finalised for a number of years.

Councillor Brolly indicated that refusals should be noted to improve the management of meetings and said discussion on each application would not change the Planning Service opinion to an approval. Councillor Cubitt pointed out that an explanation had been provided on the JMS and NAP by Andy Meenagh and said Council had to accept the opinion of Planning Officers.

Alderman Mullan, Councillor Stevenson and Councillor Coyle objected to refusals being based on undermining of a plan which was in draft form.
Mr Brown pointed out that little had changed on the deferred list as the majority of applications had been refused on NAP designations of greenbelt or countryside policy and that objection to these would be argued through the public enquiry. He said applicants would have the opportunity to object to refusals through the appeal process and suggested most of 150 applications had been speculative, as very few had made a case for approval in the 5 months in which they had been deferred. Mr Brown agreed to note members’ comments.

PLANNING APPLICATIONS/THIRD PARTY APPEALS:
The Chief Executive tabled letter dated 25 October 2005 in which NILGA sought Councils views on planning applications/third party right of appeal. It was agreed that the Chief Executive would investigate and provide additional information before Council would respond to the NILGA letter.

ANY OTHER BUSINESS:

Meeting with Chief Executive of Western Education & Library Board: It was agreed that Councillor Cubitt would attend the Western Education & Library Board meeting on Thursday 10 November 2005 at 2.30 pm in place of Councillor Douglas.

Media Coverage on Bonfires: Councillor Butcher referred to media coverage regarding complaints about bonfires at Coolessan Walk and said this made Council look inefficient in responding.

Councillor Cubitt pointed out that the Housing Executive and the PSNI had been contacted regarding the fire but the situation had not been helped by half the people being in support of the bonfire. Councillor Douglas said those who were trying to make things better in the community had been hassled by young people who lacked manners and that parents were to blame for not bringing up their children to have respect for others.

Councillor Coyle queried whether Council had a role to play in ensuring tyres were not used in bonfires and that the Fire Service, Housing Executive, PSNI and community groups should encourage these to be kept away from homes. Alderman Mullan referred to the lack of control and size of bonfires and said there was a need for an audit trail on where the tyres came from.

Councillor Ó hOisín stated that whilst Sinn Féin were against bonfires, they had tried to work with young people of 6 to 10 years old who build the fires by encouraging them to move to safer locations. Councillor Brolly made reference to the situation in Gortnaghey where bonfires had been dismantled. She said young children should not dictate the pace of community life and that residents should be encouraged to do the right thing with leadership from Council.

Councillor Butcher suggested that Council conduct a Borough wide consultation on bonfires and said this could be advertised through the media, with community groups taking part by distributing questionnaires. Councillor Chivers indicated that bonfires
needed be licensed so that tabs could be kept on where they were located, size and control.

The Chief Executive agreed to raise the issue at the next Senior Management Team meeting and report back to Council on a suitable action plan.
